Stereo Delay and Chorus-like Reverb (v1.3)
For QuBit Nebulae v.2 - By Ian Hooegeboom

Two Delay lines, which can be Skewed independently to create a Stereo Delay.
Reverb effect can be enriched with a Chorus-like 'shimmer' effect.

Pitch: CW for LFO, CCW for Random shiffer effect.

Source: Switch between Stereo and 2x Mono (see 'Alt' page for In levels).
